Industrial Ecosystem of Hyderabad

A Comprehensive Data Report on Major Economic Clusters

Executive Overview

Hyderabad is one of India's most prominent industrial hubs, recognized globally for its leadership in Pharmaceuticals, Information Technology, and Aerospace. The city's growth is anchored by specialized zones managed by the Telangana State Industrial Infrastructure Corporation (TSIIC).

1. Information Technology & Cybersecurity Hubs

> Focused on software development, financial services, and emerging cybersecurity research.

HITEC City (Cyberabad)

The primary technological heart of the city, housing global giants like Google, Microsoft, and Amazon. It is the center for ITeS and innovation.

📍 **View on Google Maps**

Gachibowli

A massive financial and tech district hosting large campuses and the Indian School of Business (ISB).

📍 **View on Google Maps**

2. Life Sciences & Pharmaceuticals

> Known as the "Bulk Drug Capital of India," contributing over 35% of India's total pharmaceutical production.

Industrial Zone	Specialization	Map Location
Genome Valley	India's first world-class biotech cluster; R&D, Vaccines, and Life Sciences.	Link
Pashamylaram	Major hub for bulk drug manufacturing and chemical formulations.	Link
Jeedimetla	One of the oldest diversified areas; Pharma formulations and small-scale engineering.	Link

3. Aerospace, Defense & Electronics

Adibatla Aerospace SEZ

A premier destination for aerospace manufacturing. Home to Tata Boeing Aerospace, Tata Lockheed Martin, and various precision engineering units.

📍 **View on Google Maps**

Fab City & e-City

Specialized clusters for electronic hardware manufacturing, semiconductor fabrication, and data centers.

📍 **View on Google Maps**

4. General Manufacturing & Logistics

Cherlapally Industrial Area

Known for diverse small to medium enterprises (SMEs) focusing on light engineering, plastics, and food processing.

📍 **View on Google Maps**

Patancheru

A heavy industrial belt along the NH65, hosting large-scale chemical plants and manufacturing units like Asian Paints and Aurobindo Pharma.
